March-April 2009

District Convention 2009

D-CON 2009

This year's district convention took place in Gaylord Michigan on March 20-22.

During the trip, Our 25 Key Club attendees did their community service while having a blast at all the dances and fun activities that were set up for them.

Our own Erin Lucy Lin passed down her title as **Michigan District Governor** to the new elect, Lily Schmidt. Also, congratulations to the newly elected **Lieutenant Governor** of District 12, Jillian Rjvait from Dearborn High!!!!!!!!!!!!

Happy Earth Day!

Going Green!

Happy Earth Day Key Clubbers! Since Key Club is a community service organization, it wouldn't hurt to do some service for our planet, would it? While Earth Day is on April 22, only once a year, you could treat everyday like Earth Day by helping your planet. Whether it's planting a tree or using the other side of the paper, everyone can contribute. To the right are listed many tips on how to go green all year round. Make sure you get you and your friends to do all the tips shown and have fun!

Fun Fact!

Did you know that.....?

A scientist from NASA estimated that the global tree-to-person ratio is about 61 trees per person. The scientist first thought this was great news, but then she started to think about the multitude of things that include products from trees. And, with the deforestation rate as it is, there is much evidence that humanity is over consuming our supply of trees. But don't worry! Unlike oil, trees are renewable.

Where've You Been?

You've been missing out if you were not at this Kids Against Hunger event. The whole project ended with hundreds of food packages for unfortunate children and a load of fun for everyone who attended.

Relay For Life

The 2009 Relay For Life

When: May 2 - 3, 10 AM - 10 AM!

Where: Ford Community and Performing Arts Center Track

What: Relay For Life raises funds to support the American Cancer Society's programs of research, education, advocacy and service

Who: Any Key Clubbers interested!

Just come to our next meeting on Monday, April 27 to sign up!

The Relay For Life is a 24 hour event that raises money for cancer research and celebrates the cancer survivors. During the event, people walk and run around the track or play games on the field where some people also camp the whole night. Our Key Club volunteers sell lots of food and goods in support of cancer research. All in all, the Relay For Life is a great get together for family and friends while raising money for victims and celebrating with the survivors.
